

## **Safety**

Your children are our utmost priority. To keep your children safe, we have the following safety features:

- keypad entry for the exterior entry doors
- interior windows to classrooms
- a gate across the exit to protect children going and coming from the playground.
- Tornado Preparedness Plan - to ensure the greatest amount of safety possible during a tornado or high wind emergency.
- Fire Preparedness Plan - to ensure the greatest amount of safety possible during a fire emergency.

All staff members have attended Stewards of Children - a child abuse prevention program.
